Why have geographers remained so quiet about the resurgence of military funding for geographical research? Joel Wainwright argues that the underlying problem stems from our epistemic commitment to empiricism. Much as some would like to deny it, many geographers are executing their own 'expeditions' in the spirit of Isaiah Bowman, the early twentieth-century geographer who shaped the discipline ...

As Spivak has come to be seen as the postcolonial critic, it is confusing that she resists the label as an adjective for her work—in fact she has described her project (in 1999) as a specifically feminist critique of postcolonial reason. By contrast, Ismail uses —postcolonial— affirmatively and claims that it should be —consolidated, affirmed, abided by— (2005, p. xiii).
